

Be It Known to All Interested Parties, That **AlgaeCal Distribution, Inc.**

Has Provided Substantive Data Leading to a Determination of
"Generally Recognized as Safe" (GRAS) Status for
AlgaeCal
As a Food Ingredient

According to the rights and privileges conferred in §201(s) (et seq.) of the Federal Food, Drug and Cosmetic Act, Experts, by virtue of their training and experience, have determined that the above mentioned substance, when produced in accordance with current Good Manufacturing Practice (cGMP), is safe under the intended conditions of use and is "Generally Recognized as Safe" (GRAS) by scientific procedures when used as a food ingredient in specific food categories at specified levels and for the purpose(s) indicated in the GRAS dossier, as approved by the GRAS Expert Panel.
